COMPANY OVERVIEW

About Us

Charllione International Co. Limited is a premier supplier and distributor of high-quality cement for construction and infrastructure projects across Africa. With strategic sourcing from Al Arish Cement Factory in Egypt, we offer reliable access to both imported premium cement and top local brands, ensuring contractors and developers meet project deadlines without compromise. Our operations are backed by strong logistics, consistent stock availability, and a dedication to customer satisfaction.

Our Mission

To empower builders with access to trusted cement brands by offering competitive pricing, dependable logistics, and unmatched product quality.

Our Vision

To become Africa's most dependable supplier of premium-grade cement for sustainable infrastructure and development.

OUR PRODUCTS

We distribute high-grade cement suitable for residential and commercial construction, infrastructure (bridges, roads, dams), masonry and finishing, industrial-grade structural applications.
